Subject: Public Hearing Testimony re: Rerso 06-017

CITY CLERK
HONOLULU, HAWAII
JAN 24 3 45 PM '06
RECEIVED

RE: Resolution 06-017 Waimea Valley Settlement - Easements

Dear Chair Dela Cruz and Honorable Members of the City Council:

The North Shore Outdoor Circle wishes to support Resolution 06-017. We hope you will approve the court-mediated settlement in the Waimea Valley condemnation case and authorize the acquisition of a conservation easement and a public access easement by the City in lieu of a fee-simple interest.

Our organization feels strongly the easements protect the public interest in Waimea Valley. Please make these easements as protective as possible to insure environmental conservation.

The North Shore Outdoor Circle also asks the Council instruct the Corporation Counsel to share the details of these easements with the community.

Our North Shore community is so grateful the Council stepped up to make the acquisition of Waimea Valley possible.

Mahalo,
Nancy John, President
North Shore Outdoor Circle
